To whom it may concern

I would like to place an application for a position in your company. I believe I would be fitting for the described job vacancy. Given with such dedication and much enthusiasm, I know for a fact I would do exceedingly well given the chance to perform.

Having done all the necessary qualifications needed for the post. I see no obstacle but a chance to be seen in play or in person to further display my persona and skills.

Thank you and I hope that my application will be heeded to and hopefully receive a reply.

Please see attached CV with supporting documents.

Kind regards **o.nekefu**
